Toronto, ON, Canada

SUMMARY

Frontend engineer with 6 years building React and TypeScript design systems, with a focus on accessibility (WCAG 2.1 AA).

EXPERIENCE

Senior Frontend Engineer — Northwind Health

01/2022 – Present

- Own the React + TypeScript design system used by 9 product teams (60+ components in Storybook).
- Led the accessibility program: audits, screen reader testing and WCAG 2.1 AA fixes across patient flows.
- Introduced visual regression tests and cut UI bugs by 35%.

Frontend Developer — Brightcart

06/2019 – 12/2021

- Built checkout and account pages in React.
- Migrated the codebase from JavaScript to TypeScript.

SKILLS

React, TypeScript, Next.js, CSS, Storybook, Accessibility (WCAG, ARIA), Jest, Testing Library

EDUCATION

B.Sc. in Computer Science — York University, 2019

LANGUAGES

English (native), French (B2)
